

NOTICE.—The Provisions of Section XX., Act I. of 1852, not appearing to be generally known among the manufacturers and exporters of country spirits, that Section is, under orders from the Board of Revenue, Lower Provinces, re-published for general information :

“ XX. Spirits exported from any Port subject to the Government of the East India Company, and imported at any other Port subordinate to the Government of Bombay shall be liable on importation to the same rate of duty as may be fixed on spirit of country manufacture by Schedule A. annexed to this Act, or by any future enactment. Provided always that if the said spirit be accompanied by a document signed by competent authority, certifying that a duty, whether of customs or otherwise, has been paid on the said spirit to the East India Company, credit shall be allowed for the sum so paid in settling the customs at the Port of Import; and if such sum equal or exceed the full amount of customs leviable on spirits of country manufacture under Schedule A. aforesaid, or any future enactment, then the spirit on which such duty has been paid shall be admitted to free entry.”

J. W. H. CAMPBELL,
Offg. Collr. of Govt. Customs.

Calcutta, Govt. Custom House, }
The 25th March 1852. }

NOTICE is hereby given, that the system of granting Temporary Passes for the protection of Sea-imported Salt, upon the deposit of duty, will be re-introduced from the 22nd, (Twenty-second,) instant.

2. The Passes will be obtainable, as they were before, at this office; but to be of any validity, they must be countersigned by the Superintendent of the Calcutta Salt Chokeys. The Passes will be current for (48) Forty-eight hours, from the time at which delivery may be completed, as shown by the Certificate of the Preventive Officer, on the back of the document.

3. Preventive Officers will be instructed not to give delivery on any Pass, unless it be countersigned by the Superintendent of Calcutta Salt Chokeys, and to be careful in endorsing the Pass, to enter the full quantity delivered, and the precise time, (hour and minute,) at which the delivery is completed.

4. It is further notified, for general information, that Commanders of Salt-laden Vessels must invariably enter in the Import Manifest, the quantity of Salt actually shipped, as shown in the Cockets, Export Manifest, Port Clearance, or other document, of the Port of Export. If no such document exist, then the quantity shown by the Bill-of-Lading, that is, the quantity which at the time of shipment the Commander believed to be put on board, must be entered in the Import Manifest. In the event of no Bill-of-Lading, the Commander must specially state how the Salt was put on board; if in baskets, the number shipped, and the mode in which he has estimated the entered weight.

5. The Board have fixed rates of wastage, sufficient to cover deficiencies arising from ordinary causes. Should greater wastage be apprehended from any extraordinary cause, it must be noted at the foot of the Manifest, at the time of entry. Commanders will not be held responsible

for a larger quantity of Salt than they have reason to believe they have brought into Port; but they must state the grounds of their belief, fully and accurately, and support them by such documentary evidence, as may be available.

By order of the Board of Revenue, Lower Provinces,

(Signed) W. BRACKEN,
Collector of Customs.

Calcutta, Collector's Office,
Govt. Custom House, the 5th March 1852. }

NOTIFICATION.—An examination will be held early in April 1852, in the College of Fort William, for the purpose of filling up existing vacancies in the Military Class of the Medical College. All candidates will be expected to possess a knowledge of the Hindustani language, adequate to enable them to read and write it in the Persian or Devanagiri character.

2nd. All Interpreters of Regiments and Battalions will be requested, through the Military Departments, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expence and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found, on examination, quite unqualified for admission: and it is with a view to prevent the recurrence of this that the above measure has been adopted.

3rd. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in Civil or Regimental Hospitals.

5th. No candidate will be allowed to present himself for examination, who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he is. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed, by producing false papers: the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates, who will, in addition, require to be furnished with regular muster rolls, in order that they may be identified.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and never be absent from morning and evening muster without special leave.

7th. All students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the School, who is physically unfit for the duties of a Soldier.

By order of the Most Noble the Governor General in Council,

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative,
the 27th March, 1852.

The following Act, passed by the Governor General of India in Council on the 27th March 1852, is hereby promulgated for general information.

ACT No. XX. OF 1852.

An Act to facilitate the Acquisition of Land needed for public purposes in the Presidency of Fort St. George.

I. Whenever it shall appear to the Governor of Fort St. George in Council that any land is needed for a public purpose, he shall make a declaration to that effect in a Minute of Council, and such declaration shall be conclusive evidence that the purpose for which the land is needed is a public purpose.

II. When a declaration has been made by the Governor in Council that any land is needed for a public purpose, if there shall be any hinderance to the immediate acquisition of such land by purchase from the parties interested therein, it shall be competent to the Governor in Council to order the land to be taken possession of on the part of Government and applied to the purpose for which it is needed, leaving claims for compensation for the land to be determined as hereinafter provided.

III. When such order is passed by the Governor in Council it shall be sent to the Collector of the District in which the land lies, or to such other Officer as the Governor in Council shall think fit to appoint to carry it into execution; and the Collector or other Officer so appointed, shall cause the land ordered to be taken to be marked out and measured, and possession to be taken thereof on behalf of Government, and the land shall thenceforward be vested absolutely in the Government, free and clear of all other estates, rights, titles, remainders, reversions, limitations, trusts and interests, and also of all mortgages, liens, or incumbrances whatsoever, of and in the land so taken as aforesaid; and any suit which may be instituted to recover the land so taken by Government, in any Court of Judicature, shall be dismissed with costs. Provided always, that nothing herein contained shall affect the liability of the party who may receive the value of any land so taken by Government, without having a good title to the same.

IV. As soon as the land has been marked out, the Collector, or other Officer appointed as aforesaid, shall cause the order in Council to be affixed in some conspicuous place upon the land, and published by proclamation in the neighbouring bazars and villages, with a citation, calling on all parties interested in the land to appear before him in person, or by authorized agents, on a certain day, not less than fifteen days after the date of citation, and to state the nature of their interests in the land required, and the amount and particulars of their claims to compensation for the same.

V. It shall be competent to the said Collector, or other Officer appointed as aforesaid, to admit any such claims that appear to him to be valid, and if he and all the parties interested in the land agree as to the compensation to be allowed to them respectively, to pass an award for the same.

VI. If the said Collector or Officer shall judge any of the claims preferred to be inadmissible, and the parties interested in the land or any of them shall nevertheless persist in such claims, or if the said Collector or Officer, admitting the interests claimed, shall object to the compensation demanded for the same as excessive, the points in dispute shall be referred to the determination of arbitrators, to be appointed in the manner hereinafter provided.

VII. Two persons shall be chosen to act as arbitrators on the part of Government, by the Collector or other Officer duly appointed as aforesaid, and the party or parties claiming to be interested in the land taken shall be called upon by the said Collector or Officer to elect, within fifteen days, two persons to act as arbitrators on his or their part. If there be several parties interested as aforesaid, and they cannot agree within the required period in the election of persons to act as arbitrators on their behalf, then and in that case each of them shall nominate one person whom he may desire to act on his behalf, and the said Collector or Officer shall choose by lot, out of the persons so nominated by the parties aforesaid, or by any of them, two persons to act as arbitrators on behalf of the parties interested in the land. If only two persons shall be so nominated by the parties interested in the land, they shall be the arbitrators on behalf of such parties, whether the whole of the parties interested as aforesaid may or may not have been concerned in their nomination. If only one person shall be so nominated, then only one of the persons selected to act as arbitrators on the part of Government, shall be employed on the duty. If the parties interested in the land shall refuse or neglect, or if, by reason of minority, lunacy or absence from the Presidency, they shall be unable, to make any nomination within the required period, then the said Collector or Officer shall and may select two impartial persons to arbitrate the matter between Government and the parties interested in the land.

VIII. Before the arbitrators proceed to arbitrate, they shall be required by the said Collector or Officer, to appoint an umpire for the decision of any points whereon they may differ in opinion, when the voices on each side shall be equal. If the arbitrators cannot agree in the selection of an umpire, the said Collector or Officer shall be authorized to choose some person to act as such.

IX. In cases wherein the arbitrators may differ in opinion, if the voices on each side shall be equal, the decision of the umpire on the point of difference shall be conclusive: in all other cases, the opinion of the majority of arbitrators shall determine the award.

X. The arbitrators shall hold their inquiry under the general superintendence of the Collector or other Officer appointed as aforesaid, who shall be competent to exercise towards them such powers and authority, for the purpose of securing their attendance and the due completion of their award, as the Courts of Judicature may legally exercise towards persons summoned as witnesses before them, for the purpose of compelling such witnesses to attend and give evidence. It shall further be competent to the Officer presiding, in the event of any unnecessary delay on the part of arbitrators, in determining any question referred to them, to call upon them to make their award within a specified time, and in default thereof, to refer such question to the umpire for his decision.

XI. The said Collector or other Officer appointed as aforesaid shall, on the application of the arbitrators, summon any witnesses whom the arbitrators may call for, and whom the parties may not be able to produce before them without such process. He shall also cause the proper forms of affirmation to be executed by any witnesses whom the arbitrators may desire to examine upon affirmation, or he may empower the arbitrators to administer or cause the execution of such affirmation, if the witnesses cannot with convenience attend before him. Any witness who shall

refuse or omit to appear when duly summoned by such Collector or Officer, or who shall appear but shall refuse to execute the affirmation to be administered as aforesaid, or who shall refuse to give evidence, shall be liable to the same punishment which would be incurred under the law by a witness refusing to appear or give evidence before a court of justice. Any person giving intentionally and deliberately a false deposition, under a solemn affirmation in any case referred to arbitration as above, and upon a point material to the issue thereof, shall be held to be guilty of perjury, and shall be liable to the penalties prescribed for that offence by law; and any person causing or procuring another person to commit the offence of perjury, as above described, shall be guilty of subornation of perjury and punishable according to law.

XII. It shall also be competent to the Collector, or other Officer appointed as aforesaid, to demand from the parties interested in the land so taken as aforesaid, the production of any accounts, title-deeds, or other documents which may be required by the arbitrators for the purposes of their inquiry, and in the event of such accounts, title-deeds, or documents being withheld, and the fact of their existence being proved by information given upon solemn affirmation, to order the seizure of such accounts, title-deeds, and documents wherever they may have been deposited, in the manner prescribed by Section IX. Regulation IX. of 1822 of the Madras Code, and to exercise for that purpose the powers thereby vested in Collectors.

XIII. The arbitrators shall take into consideration the statements of the parties interested in the said land, and the objections of the Collector or other Officer aforesaid on behalf of Government, and after examining the evidence offered on both sides, and making any further inquiry that may appear to them necessary, shall pass their award allowing or disallowing the interests claimed, and determining the total amount of compensation to be given for the interests allowed, the mode in which it is to be given, and if to be given to more than one party, the shares of the total compensation which each party shall be entitled to receive.

XIV. The award of the arbitrators, or of the umpire, if he shall be called upon to make an award, shall be binding and conclusive both upon the Government and the parties interested in the land, as respects the gross amount of the compensation to be paid by Government, unless the award shall be set aside by the Civil Court of the zillah upon a charge of corruption against the arbitrators or the umpire, as the case may be, brought by either party, and proved after due investigation, to the satisfaction of such Court; in which case the matter shall be referred for the determination of a second set of arbitrators, to be chosen in the same manner as the first, and their decision, whatever it may be, shall be final. No petition to set aside an award made under this Act shall be received by the Civil Court of the zillah, unless it be presented within thirty days from the date of the award complained of; and the said petition shall be presented on stamp paper of the value used for miscellaneous petitions, and shall be accompanied with a copy of the award objected to. The award of the arbitrators or umpire shall also be binding as respects the shares to be paid to the several parties interested in the land, unless upon a suit instituted within thirty days from the date of the award, in a competent Court, by any of the parties concerned, to alter the apportionment made by such award, an injunction shall be issued to suspend the payment until a decree is passed in the case.

XV. If any question arises as to the previous possession of or title to any land taken by Government under this Act, or if the parties or any of them interested in the land are minors, lunatics, or absent as aforesaid, and are not represented by their guardian, committee, attorney, or other person authorized in that behalf, or if there exist other grounds which, in the judgment of the arbitrators, render it improper to make immediate payment of the compensation awarded by them, or of any part thereof, to any of the parties interested in such land, the said arbitrators shall certify the same to the said Collector or Officer, under whose directions they may act, and in such case, or if for any such reason, or any such ground as aforesaid the said Collector or other Officer shall deem immediate payment improper, then the amount of compensation payable shall be held in deposit by Government, until the parties interested in the said land or some of them shall obtain an order of a competent Court for the payment of the same and interest (if any) to them. All sums held in deposit as aforesaid exceeding in amount the sum of five hundred Rupees, shall be invested in Government Securities.

XVI. On the close of the inquiry, the arbitrators or umpire shall deliver to the Collector or other Officer appointed as aforesaid, a full and complete report and award upon the questions submitted to their arbitration, under their respective signatures, specifying the amount of compensation to be granted, and, (except where under Section XV. it may appear proper to suspend payment,) the parties to whom it is to be made, and the proportions to be paid to each respectively, with a solemn declaration subscribed thereto, that the award so given, is, to the best of their judgment, true and impartial, and according to the evidence adduced before them, and they shall at the same time deposit with the said Collector or Officer the whole of their proceedings.

XVII. All suits and proceedings instituted against Government to obtain compensation for land taken as aforesaid, other than such petitions to set aside awards as aforesaid, shall be dismissed with costs, but nothing herein contained shall affect the rights of any party to recover the value of any land taken by Government from any person who may have received the same without having any title thereto.

XVIII. In the case of land declared by a Minute of the Governor in Council to be needed for a public purpose being acquired by the Government by bargain with and purchase from the parties apparently interested therein, the Collector or Officer appointed by Government to receive possession of the same, shall cause proclamation to be made in the manner prescribed in the fourth Section of this Act, of the transfer of the land to Government, by the said parties, and requiring all other persons who may claim any right, title or interest in such land, to prefer their claims within one calendar month after such proclamation made; and any claims that may be preferred shall be dealt with under Section V. or under Section VI. and the following Sections of this Act. Provided always, that if no claim shall be made within one calendar month after such proclamation as aforesaid, the said land shall vest absolutely in the Government, free and clear of all other estates, rights, titles, remainders, reversions, limitations, trusts, interests, mortgages, liens or incumbrances whatsoever of and in the said land so purchased; and any suit to recover the land so purchased by Government, or to obtain from Government

compensation for the loss thereof, which may be preferred in any Court of Judicature, shall be dismissed with costs. But nothing herein contained shall affect the liability of the party who may receive the value of any land purchased by Government without having a good title to the same.

XIX. In cases referred to arbitration, under the provisions of this Act, any necessary expense which may attend the inquiry of the arbitration, whether for the diet of witnesses or otherwise, shall be paid by Government.

XX. The provisions of Act XLII. of 1850, shall be applicable and in force within the Madras Presidency; and the said Act shall be construed as if instead of the words and figures "Regulation I. of 1824 of the Bengal Code" or "the said Regulation" therein mentioned, the number and title of this Act had been therein inserted.

XXI. The following words and expressions in this Act shall have the several meanings hereby assigned to them, unless there be something either in the subject, or context repugnant to such construction, (that is to say,)

Words importing the singular number only shall include the plural, and words importing the plural number only shall include the singular.

The word "land" shall extend to tenements and hereditaments of any tenure, and all houses, buildings, walls, or appurtenants thereupon as well as land.

The practice of holding Chamber Days will, from the 5th of April, be abolished, and Sum-

mons will be returnable in three Courts for five days in the week; Saturday will be reserved for taking depositions on Commissions from Mofussil Courts and other Miscellaneous business; and Interpleader Cases will, instead of being heard as heretofore in Chambers, follow the usual course of Causes.

It is further intimated, for general information, that the Courts will sit from 11 o'clock A. M. instead of half-past 10.

By order of the Court,

JOHN KING, Clerk.

BENGAL CIVIL FUND.

At a Special General Meeting of Subscribers to the Bengal Civil Fund, held on the 30th March 1852.

PRESENT:

Messrs. J. I. Harvey, E. Currie, R. Torrens, R. Trotter, E. Bentall, W. J. H. Money, G. Todd, G. Adams, J. S. Torrens, A. Forbes, G. G. Mackintosh, E. A. Samuells, C. Beadon, A. R. Young, H. M. Reid, W. Grey, J. W. Dalrymple, C. T. Buckland, H. Balfour, J. H. Mangles and J. M. Lewis.

J. I. HARVEY, Esq., in the Chair.

Proposed by Mr. Currie, seconded by Mr. Dalrymple—That the revised Article 4. be adopted as follows:

"The Subscribers shall contribute from the 1st April 1852, at the following rates of per centage on their Salaries and other authorized public emoluments, including furlough allowance."

"Ordinary contribution from all Subscribers, 3 per Cent. Additional contributions from married Subscribers, 2 per cent."

"The subscriptions on this account being liable to increase or decrease, according to the necessities of the Fund, as ascertained by a quinquennial adjustment of its assets and liabilities."

The following amendment was proposed by Mr. J. S. Torrens and seconded by Mr. Balfour—That for the fifth and sixth lines of the proposed Article 4, the following be substituted: "The contributions from married Subscribers shall be 5 per Cent. and from unmarried, 2½ per Cent."

The votes on the amendment were:

For, present 7, proxies 31, total 38.

Against „ 8, „ 12, „ 20.

The amendment was accordingly carried, and the original motion lost.

Proposed by Mr. Currie, seconded by Mr. Money—That the revised Article 5. be adopted as follows:

"Married and Widower Subscribers, with families, desirous of securing the benefits of the Fund for all or any of their children, shall contribute further for such children, from the same date, at the following rates:

"Married Subscribers—

"For each unmarried Daughter,..... ½ per Cent.
"For each Son under the of 21 years, ½ per Cent.

"Widower Subscribers—

"Double the above rates."

For present 16, proxies 42, total 58.

Against „ 0, „ 1, „ 1.

The Proposition was carried accordingly.

Proposed by Mr. Currie and seconded by Mr. Money—That the revised Article 8, Clause 1, be adopted as follows:

"Subscribers who may hereafter retire from the Service, on Annuities of the Civil Service Annuity Fund, wishing to secure to their Widows and Children the full benefits of the Fund, must, on retirement, make up the amount of their Subscriptions with interest, to Rupees 25,000; and must also continue their contributions at the same rates on their annuities as those levied from Subscribers in the Service on their allowances, and under the same conditions in regard to minimum payments, and liability to increase or decrease of rates; an option being allowed to each Subscriber of paying up, once for all, either at the time of resigning the Service, or at any subsequent period, the full value of his contributions according to the tables of mortality which, on the advice of an Actuary, may be adopted by the Managers. This commutation will be calculated at 5 per cent. in the following manner:—Ordinary subscriptions on the life of the Subscriber alone; Additional subscriptions on the joint lives of Husband and Wife; and Extra contributions for Children on the joint lives of Father and

Child. But such settlement will be open to re-adjustment, if the necessities of the Fund should be found to require an enhanced rate of Subscription; and every retired Subscriber will also be liable to pay in the same manner for each Child afterwards born, and in case of subsequent marriage, the additional premium as a married Subscriber."

This Proposition was carried unanimously by those present, with 39 proxies in favor of it, and none against it.

Proposed by Mr. Currie, seconded by Mr. Money—That the New Article 46, be adopted as follows:

"On and after the 1st May 1852, every Subscriber, whether in the Service or after retirement on an Annuity, marrying a Wife more than 5 years younger than himself (counting from the last birth-day of each) shall pay to the Fund, over and above all other payments required by the rules, a fine according to the scale fixed for that purpose; and his family shall not be entitled to the benefits of the Fund until the fine, with interest calculated at 8 per cent. from one calendar month after the date of marriage, is paid."

Mr. Harvey having an amendment to propose, then vacated the Chair, which was occupied for the time by Mr. Currie. The following amendment was then proposed by Mr. Harvey, seconded by Mr. R. Torrens:

"That the proposition to levy a fine from each Subscriber, who after the 1st May 1852, whether in the Service or after retirement on an Annuity, shall marry a wife more than 5 years younger than himself, is not the best mode of providing for the exigencies of the Fund. That it is also of doubtful legality and opposed to the principles on which the Fund is established, by which the full advantages of the Fund are secured to all Subscribers, on equal terms. Further, that the proposition introduces a class distinction of payments of a nature necessarily productive of distasteful inquiries from Subscribers. That this Meeting resolve, therefore, to negative the proposed New Article 46."

The votes on the amendment, were:

For, present 7, proxies 31, total 38.

Against „ 9, „ 12, „ 21.

The amendment was accordingly carried, and the original Proposition, lost.

The provisions of Article 18 having been brought under the notice of the Meeting by the Chairman, it was proposed by Mr. Samuells, seconded by Mr. Beadon—That the question whether the resolutions of this Meeting be referred to each Subscriber by separate letters, or by advertisement, be left to the decision of the Chairman."

This Proposition having been carried unanimously,

The Chairman stated his decision to be, that copy of the whole proceedings of the Meeting should be forwarded to each Subscriber by letter, and that the votes of each Subscriber should be requested for the adoption or rejection of the two original propositions which had been carried; and on the amendment proposed by Mr. Torrens on the revised Article 4, and which amendment had also been carried by this Meeting. The Chairman considered, that as this amendment had the effect of introducing a positive rule, altering the rates of contribution now existing, it must of necessity be referred for the votes of all the Subscribers.

With reference to his (Mr. Harvey's) amendment to the proposed New Article, (46,) which had also been carried by the Meeting, as it had the effect of a simple negative to the proposed New Rule, and introduced no change whatever,

be (the Chairman) did not consider that an amendment of this nature could, under the Rules, be referred for the votes of the Service.

A letter (copy of which is annexed)* from Mr. St. G. Tucker to the address of the Secretary, dated 26th ultimo, was submitted to the Meeting by direction of the Managers.

Thanks were voted to the Chairman, and the Meeting separated.

*Fort William, Home Department, Legislative,
the 27th March, 1852.*

The following Act, passed by the Governor General of India in Council on the 27th March 1852, is hereby promulgated for general information.

ACT NO. XX. OF 1852.

An Act to facilitate the Acquisition of Land needed for public purposes in the Presidency of Fort St. George.

I. Whenever it shall appear to the Governor of Fort St. George in Council that any land is needed for a public purpose, he shall make a declaration to that effect in a Minute of Council, and such declaration shall be conclusive evidence that the purpose for which the land is needed is a public purpose.

II. When a declaration has been made by the Governor in Council that any land is needed for a public purpose, if there shall be any hinderance to the immediate acquisition of such land by purchase from the parties interested therein, it shall be competent to the Governor in Council to order the land to be taken possession of on the part of Government and applied to the purpose for which it is needed, leaving claims for compensation for the land to be determined as hereinafter provided.

III. When such order is passed by the Governor in Council it shall be sent to the Collector of the District in which the land lies, or to such other Officer as the Governor in Council shall think fit to appoint to carry it into execution; and the Collector or other Officer so appointed, shall cause the land ordered to be taken to be marked out and measured, and possession to be taken thereof on behalf of Government, and the land shall thenceforward be vested absolutely in the Government, free and clear of all other estates, rights, titles, remainders, reversions, limitations, trusts and interests, and also of all mortgages, liens, or incumbrances whatsoever, of and in the land so taken as aforesaid; and any suit which may be instituted to recover the land so taken by Government, in any Court of Judicature, shall be dismissed with costs. Provided always, that nothing herein contained shall affect the liability of the party who may receive the value of any land so taken by Government, without having a good title to the same.

IV. As soon as the land has been marked out, the Collector, or other Officer appointed as aforesaid, shall cause the order in Council to be affixed in some conspicuous place upon the land, and published by proclamation in the neighbouring bazars and villages, with a citation, calling on all parties interested in the land to appear before him in person, or by authorized agents, on a certain day, not less than fifteen days after the date of citation, and to state the nature of their interests in the land required, and the amount and particulars of their claims to compensation for the same.

V. It shall be competent to the said Collector, or other Officer appointed as aforesaid, to admit any such claims that appear to him to be valid, and if he and all the parties interested in the land agree as to the compensation to be allowed to them respectively, to pass an award for the same.

VI. If the said Collector or Officer shall judge any of the claims preferred to be inadmissible, and the parties interested in the land or any of them shall nevertheless persist in such claims, or if the said Collector or Officer, admitting the interests claimed, shall object to the compensation demanded for the same as excessive, the points in dispute shall be referred to the determination of arbitrators, to be appointed in the manner hereinafter provided.

VII. Two persons shall be chosen to act as arbitrators on the part of Government, by the Collector or other Officer duly appointed as aforesaid, and the party or parties claiming to be interested in the land taken shall be called upon by the said Collector or Officer to elect, within fifteen days, two persons to act as arbitrators on his or their part. If there be several parties interested as aforesaid, and they cannot agree within the required period in the election of persons to act as arbitrators on their behalf, then and in that case each of them shall nominate one person whom he may desire to act on his behalf, and the said Collector or Officer shall choose by lot, out of the persons so nominated by the parties aforesaid, or by any of them, two persons to act as arbitrators on behalf of the parties interested in the land. If only two persons shall be so nominated by the parties interested in the land, they shall be the arbitrators on behalf of such parties, whether the whole of the parties interested as aforesaid may or may not have been concerned in their nomination. If only one person shall be so

nominated, then only one of the persons selected to act as arbitrators on the part of Government, shall be employed on the duty. If the parties interested in the land shall refuse or neglect, or if, by reason of minority, lunacy or absence from the Presidency, they shall be unable, to make any nomination within the required period, then the said Collector or Officer shall and may select two impartial persons to arbitrate the matter between Government and the parties interested in the land.

VIII. Before the arbitrators proceed to arbitrate, they shall be required by the said Collector or Officer, to appoint an umpire for the decision of any points whereon they may differ in opinion, when the voices on each side shall be equal. If the arbitrators cannot agree in the selection of an umpire, the said Collector or Officer shall be authorized to choose some person to act as such.

IX. In cases wherein the arbitrators may differ in opinion, if the voices on each side shall be equal, the decision of the umpire on the point of difference shall be conclusive: in all other cases, the opinion of the majority of arbitrators shall determine the award.

X. The arbitrators shall hold their inquiry under the general superintendence of the Collector or other Officer appointed as aforesaid, who shall be competent to exercise towards them such powers and authority, for the purpose of securing their attendance and the due completion of their award, as the Courts of Judicature may legally exercise towards persons summoned as witnesses before them, for the purpose of compelling such witnesses to attend and give evidence. It shall further be competent to the Officer presiding, in the event of any unnecessary delay on the part of arbitrators, in determining any question referred to them, to call upon them to make their award within a specified time, and in default thereof, to refer such question to the umpire for his decision.

XI. The said Collector or other Officer appointed as aforesaid shall, on the application of the arbitrators, summon any witnesses whom the arbitrators may call for, and whom the parties may not be able to produce before them without such process. He shall also cause the proper forms of affirmation to be executed by any witnesses whom the arbitrators may desire to examine upon affirmation, or he may empower the arbitrators to administer or cause the execution of such affirmation, if the witnesses cannot with convenience attend before him. Any witness who shall refuse or omit to appear when duly summoned by such Collector or Officer, or who shall appear but shall refuse to execute the affirmation to be administered as aforesaid, or who shall refuse to give evidence, shall be liable to the same punishment which would be incurred under the law by a witness refusing to appear or give evidence before a court of justice. Any person giving intentionally and deliberately a false deposition, under a solemn affirmation in any case referred to arbitration as above, and upon a point material to the issue thereof, shall be held to be guilty of perjury, and shall be liable to the penalties prescribed for that offence by law; and any person causing or procuring another person to commit the offence of perjury, as above described, shall be guilty of subornation of perjury and punishable according to law.

XII. It shall also be competent to the Collector, or other Officer appointed as aforesaid, to demand from the parties interested in the land so taken as aforesaid, the production of any accounts, title-deeds, or other documents which may be required by the

arbitrators for the purposes of their inquiry, and in the event of such accounts, title-deeds, or documents being withheld, and the fact of their existence being proved by information given upon solemn affirmation, to order the seizure of such accounts, title-deeds, and documents wherever they may have been deposited, in the manner prescribed by Section IX. Regulation IX. of 1822 of the Madras Code, and to exercise for that purpose the powers thereby vested in Collectors.

XIII. The arbitrators shall take into consideration the statements of the parties interested in the said land, and the objections of the Collector or other Officer aforesaid on behalf of Government, and after examining the evidence offered on both sides, and making any further inquiry that may appear to them necessary, shall pass their award allowing or disallowing the interests claimed, and determining the total amount of compensation to be given for the interests allowed, the mode in which it is to be given, and if to be given to more than one party, the shares of the total compensation which each party shall be entitled to receive.

XIV. The award of the arbitrators, or of the umpire, if he shall be called upon to make an award, shall be binding and conclusive both upon the Government and the parties interested in the land, as respects the gross amount of the compensation to be paid by Government, unless the award shall be set aside by the Civil Court of the zillah upon a charge of corruption against the arbitrators or the umpire, as the case may be, brought by either party, and proved after due investigation, to the satisfaction of such Court; in which case the matter shall be referred for the determination of a second set of arbitrators, to be chosen in the same manner as the first, and their decision, whatever it may be, shall be final. No petition to set aside an award made under this Act shall be received by the Civil Court of the zillah, unless it be presented within thirty days from the date of the award complained of; and the said petition shall be presented on stamp paper of the value used for miscellaneous petitions, and shall be accompanied with a copy of the award objected to. The award of the arbitrators or umpire shall also be binding as respects the shares to be paid to the several parties interested in the land, unless upon a suit instituted within thirty days from the date of the award, in a competent Court, by any of the parties concerned, to alter the apportionment made by such award, an injunction shall be issued to suspend the payment until a decree is passed in the case.

XV. If any question arises as to the previous possession of or title to any land taken by Government under this Act, or if the parties or any of them interested in the land are minors, lunatics, or absent as aforesaid, and are not represented by their guardian, committee, attorney, or other person authorized in that behalf, or if there exist other grounds which, in the judgment of the arbitrators, render it improper to make immediate payment of the compensation awarded by them, or of any part thereof, to any of the parties interested in such land, the said arbitrators shall certify the same to the said Collector or Officer, under whose directions they may act, and in such case, or if for any such reason, or any such ground as aforesaid the said Collector or other Officer shall deem immediate payment improper, then the amount of compensation payable shall be held in deposit by Government, until the parties interested in the said land or some of them shall obtain an order of a competent Court for the payment of the same and interest (if any) to them. All sums held

in deposit as aforesaid exceeding in amount the sum of five hundred Rupees, shall be invested in Government Securities.

XVI. On the close of the inquiry, the arbitrators or umpire shall deliver to the Collector or other Officer appointed as aforesaid, a full and complete report and award upon the questions submitted to their arbitration, under their respective signatures, specifying the amount of compensation to be granted, and, (except where under Section XV. it may appear proper to suspend payment,) the parties to whom it is to be made, and the proportions to be paid to each respectively, with a solemn declaration subscribed thereto, that the award so given, is, to the best of their judgment, true and impartial, and according to the evidence adduced before them, and they shall at the same time deposit with the said Collector or Officer the whole of their proceedings.

XVII. All suits and proceedings instituted against Government to obtain compensation for land taken as aforesaid, other than such petitions to set aside awards as aforesaid, shall be dismissed with costs, but nothing herein contained shall affect the rights of any party to recover the value of any land taken by Government from any person who may have received the same without having any title thereto.

XVIII. In the case of land declared by a Minute of the Governor in Council to be needed for a public purpose being acquired by the Government by bargain with and purchase from the parties apparently interested therein, the Collector or Officer appointed by Government to receive possession of the same, shall cause proclamation to be made in the manner prescribed in the fourth Section of this Act, of the transfer of the land to Government, by the said parties, and requiring all other persons who may claim any right, title or interest in such land, to prefer their claims within one calendar month after such proclamation made; and any claims that may be preferred shall be dealt with under Section V. or under Section VI. and the following Sections of this Act. Provided always, that if no claim shall be made within one calendar month after such proclamation as aforesaid, the said land shall vest absolutely in the Government, free and clear of all other estates, rights, titles, remainders, reversions, limitations, trusts, interests, mortgages, liens or incumbrances whatsoever of and in the said land so purchased; and any suit to recover the land so purchased by Government, or to obtain from Government compensation for the loss thereof, which may be preferred in any Court of Judicature, shall be dismissed with costs. But nothing herein contained shall affect the liability of the party who may receive the value of any land purchased by Government without having a good title to the same.

XIX. In cases referred to arbitration, under the provisions of this Act, any necessary expense which may attend the inquiry of the arbitration, whether for the diet of witnesses or otherwise, shall be paid by Government.

XX. The provisions of Act XLII. of 1850, shall be applicable and in force within the Madras Presidency; and the said Act shall be construed as if instead of the words and figures "Regulation I. of 1824 of the Bengal Code" or "the said Regulation" therein mentioned, the number and title of this Act had been therein inserted.

XXI. The following words and expressions in this Act shall have the several meanings hereby

ACT No. — OF 1852.

An Act to amend the Mode of Procedure in Criminal Cases in the Courts of the East India Company.

Whereas it is expedient to provide for the new trial of prisoners, when, by reason of the death, absence, or removal of the Judge, their trials remain unfinished; and whereas it is also expedient to enable Magistrates to summon accused parties before they proceed to take the evidence of the prosecutor and his witnesses, It is hereby enacted as follows:

I. When any criminal trial shall have been commenced and shall be pending and undecided before any Judge or Magistrate at the time of his death, removal, or departure from the station, it shall not be lawful for any other Judge or Magistrate to continue and carry on such trial, but the Judge or Magistrate competent to try the prisoner shall, as soon as conveniently may be, commence a new trial and re-examine all the witnesses.

II. When a Magistrate shall have examined any prosecutor respecting any charge brought by him against any person, and shall have summoned the witnesses on behalf of the prosecutor, he may also, in his discretion, summon the person or persons accused, or any one or more of them, in order that he or they may be confronted with the prosecutor and his witnesses, anything in Clause 6, Section II. Regulation III. of 1812, to the contrary notwithstanding.

III. Section V. Regulation VII. of 1811 is hereby repealed, and when any criminal charge has been preferred before a Magistrate or Assistant Magistrate against any person, and the prosecutor or informer shall fail to appear or shall abandon the charge against such person, or such person shall be acquitted, and it shall appear to the Magistrate or Assistant Magistrate to whom the complaint or information has been made, or by whom the case has been tried, that there was no sufficient ground for making the charge, it shall be lawful for such Magistrate or Assistant Magistrate, at his discretion, to award such amends, not more than the sum of Rupees two hundred, to be paid by the prosecutor or informant to the party complained against for his loss of time, trouble, or expenses as to the Magistrate or Assistant Magistrate shall seem just, and in default of payment to sentence the prosecutor or informant to imprisonment with or without hard labour for any term not exceeding six calendar months, and every such order of amends or sentence of imprisonment pronounced by any Magistrate shall be final, and every order of amends or sentence of imprisonment pronounced by an Assistant Magistrate shall be subject to appeal to the Magistrate of the district only.

CECIL BEADON, Junior Secretary.

Board of Revenue, the 3rd April 1852.

NOTICE is hereby given, that the system of granting Temporary Passes for the protection of Sea-imported Salt, upon the deposit of duty, will be re-introduced from the 22nd, (Twenty-second,) instant.

2. The Passes will be obtainable, as they were before, at this office; but to be of any validity, they must be countersigned by the Superintendent of the Calcutta Salt Chokeys. The Passes will be current for (48) Forty-eight hours, from the time at which delivery may be completed, as shown by the Certificate of the Preventive Officer, on the back of the document.

3. Preventive Officers will be instructed not to give delivery on any Pass, unless it be countersigned by the Superintendent of Calcutta Salt Chokeys, and to be careful in endorsing the Pass, to enter the *full quantity* delivered, and the precise time, (hour and minute,) at which the delivery is completed.

4. It is further notified, for general information, that Commanders of Salt-laden Vessels *must* invariably enter in the Import Manifest, the quantity of Salt *actually* shipped, as shown in the Cockets, Export Manifest, Port Clearance, or other document, of the Port of Export. If no such document exist, then the quantity shown by the Bill-of-Lading, that is, the quantity which at the time of shipment the Commander believed to be put on board, *must* be entered in the Import Manifest. In the event of no Bill-of-Lading, the Commander *must* specially state how the Salt was put on board; if in baskets, the number shipped, and the mode in which he has estimated the entered weight.

5. The Board have fixed rates of wastage, sufficient to cover deficiencies arising from ordinary causes. Should greater wastage be apprehended from any extraordinary cause, it must be noted at the foot of the Manifest, at the time of entry. Commanders will not be held responsible for a larger quantity of Salt than they have reason to believe they have brought into Port; but they *must* state the grounds of their belief, fully and accurately, and support them by such documentary evidence, as may be available.

By order of the Board of Revenue, Lower Provinces,

SATURDAY, APRIL 10, 1852.

*Fort William, Home Department, Legislative,
the 27th March, 1852.*

The following Act, passed by the Governor General of India in Council on the 27th March 1852, is hereby promulgated for general information.

ACT No. XX. OF 1852.

An Act to facilitate the Acquisition of Land needed for public purposes in the Presidency of Fort St. George.

I. Whenever it shall appear to the Governor of Fort St. George in Council that any land is needed for a public purpose, he shall make a declaration to that effect in a Minute of Council, and such declaration shall be conclusive evidence that the purpose for which the land is needed is a public purpose.

II. When a declaration has been made by the Governor in Council that any land is needed for a public purpose, if there shall be any hinderance to the immediate acquisition of such land by purchase from the parties interested therein, it shall be competent to the Governor in Council to order the land to be taken possession of on the part of Government and applied to the purpose for which it is needed, leaving claims for compensation for the land to be determined as hereinafter provided.

III. When such order is passed by the Governor in Council it shall be sent to the Collector of the District in which the land lies, or to such other Officer as the Governor in Council shall think fit to appoint to carry it into execution; and the Collector or other Officer so appointed, shall cause the land ordered to be taken to be marked out and measured, and possession to be taken thereof on behalf of Government, and the land shall thenceforward be vested absolutely in the Government, free and clear of all other estates, rights, titles, remainders, reversions, limitations, trusts and interests, and also of all mortgages, liens, or incumbrances whatsoever, of and in the land so taken as aforesaid; and any suit which may be instituted to recover the land so taken by Government, in any Court of Judicature, shall be dismissed with costs. Provided always, that nothing herein contained shall affect the liability of the party who may receive the value of any land so taken by Government, without having a good title to the same.

IV. As soon as the land has been marked out the Collector, or other Officer appointed as aforesaid, shall cause the order in Council to be affixed in some conspicuous place upon the land, and published by proclamation in the neighbouring bazar and villages, with a citation, calling on all parties interested in the land to appear before him in person, or by authorized agents, on a certain day not less than fifteen days after the date of citation, and to state the nature of their interests in the land required, and the amount and particulars of their claims to compensation for the same.

V. It shall be competent to the said Collector or other Officer appointed as aforesaid, to admit any such claims that appear to him to be valid and if he and all the parties interested in the land agree as to the compensation to be allowed to them respectively, to pass an award for the same.

VI. If the said Collector or Officer shall judge any of the claims preferred to be inadmissible, and the parties interested in the land or any of them shall nevertheless persist in such claims, or if the said Collector or Officer, admitting the interests claimed, shall object to the compensation demanded for the same as excessive, the points in dispute shall be referred to the determination of arbitrators, to be appointed in the manner hereinafter provided.

VII. Two persons shall be chosen to act as arbitrators on the part of Government, by the Collector or other Officer duly appointed as aforesaid, and the party or parties claiming to be interested in the land taken shall be called upon by the said Collector or Officer to elect, within fifteen days, two persons to act as arbitrators on his or their part. If there be several parties interested as aforesaid, and they cannot agree within the required period in the election of persons to act as arbitrators on their behalf, then and in that case each of them shall nominate one person whom he may desire to act on his behalf, and the said Collector or Officer shall choose by lot, out of the persons so nominated by the parties aforesaid, or by any of them, two persons to act as arbitrators on behalf of the parties interested in the land. If only two persons shall be so nominated by the parties interested in the land, they shall be the arbitrators on behalf of such parties, whether the whole of the parties interested as aforesaid may or may not have been concerned in their nomination. If only one person shall be so

nominated, then only one of the persons selected to act as arbitrators on the part of Government, shall be employed on the duty. If the parties interested in the land shall refuse or neglect, or if, by reason of minority, lunacy or absence from the Presidency, they shall be unable, to make any nomination within the required period, then the said Collector or Officer shall and may select two impartial persons to arbitrate the matter between Government and the parties interested in the land.

VIII. Before the arbitrators proceed to arbitrate, they shall be required by the said Collector or Officer, to appoint an umpire for the decision of any points whereon they may differ in opinion, when the voices on each side shall be equal. If the arbitrators cannot agree in the selection of an umpire, the said Collector or Officer shall be authorized to choose some person to act as such.

IX. In cases wherein the arbitrators may differ in opinion, if the voices on each side shall be equal, the decision of the umpire on the point of difference shall be conclusive: in all other cases, the opinion of the majority of arbitrators shall determine the award.

X. The arbitrators shall hold their inquiry under the general superintendence of the Collector or other Officer appointed as aforesaid, who shall be competent to exercise towards them such powers and authority, for the purpose of securing their attendance and the due completion of their award, as the Courts of Judicature may legally exercise towards persons summoned as witnesses before them, for the purpose of compelling such witnesses to attend and give evidence. It shall further be competent to the Officer presiding, in the event of any unnecessary delay on the part of arbitrators, in determining any question referred to them, to call upon them to make their award within a specified time, and in default thereof, to refer such question to the umpire for his decision.

XI. The said Collector or other Officer appointed as aforesaid shall, on the application of the arbitrators, summon any witnesses whom the arbitrators may call for, and whom the parties may not be able to produce before them without such process. He shall also cause the proper forms of affirmation to be executed by any witnesses whom the arbitrators may desire to examine upon affirmation, or he may empower the arbitrators to administer or cause the execution of such affirmation, if the witnesses cannot with convenience attend before him. Any witness who shall refuse or omit to appear when duly summoned by such Collector or Officer, or who shall appear but shall refuse to execute the affirmation to be administered as aforesaid, or who shall refuse to give evidence, shall be liable to the same punishment which would be incurred under the law by a witness refusing to appear or give evidence before a court of justice. Any person giving intentionally and deliberately a false deposition, under a solemn affirmation in any case referred to arbitration as above, and upon a point material to the issue thereof, shall be held to be guilty of perjury, and shall be liable to the penalties prescribed for that offence by law; and any person causing or procuring another person to commit the offence of perjury, as above described, shall be guilty of subornation of perjury and punishable according to law.

XII. It shall also be competent to the Collector, or other Officer appointed as aforesaid, to demand from the parties interested in the land so taken as aforesaid, the production of any accounts, title-deeds, or other documents which may be required by the

arbitrators for the purposes of their inquiry, and in the event of such accounts, title-deeds, or documents being withheld, and the fact of their existence being proved by information given upon solemn affirmation, to order the seizure of such accounts, title-deeds, and documents wherever they may have been deposited, in the manner prescribed by Section IX. Regulation IX. of 1822 of the Madras Code, and to exercise for that purpose the powers thereby vested in Collectors.

XIII. The arbitrators shall take into consideration the statements of the parties interested in the said land, and the objections of the Collector or other Officer aforesaid on behalf of Government, and after examining the evidence offered on both sides, and making any further inquiry that may appear to them necessary, shall pass their award allowing or disallowing the interests claimed, and determining the total amount of compensation to be given for the interests allowed, the mode in which it is to be given, and if to be given to more than one party, the shares of the total compensation which each party shall be entitled to receive.

XIV. The award of the arbitrators, or of the umpire, if he shall be called upon to make an award, shall be binding and conclusive both upon the Government and the parties interested in the land, as respects the gross amount of the compensation to be paid by Government, unless the award shall be set aside by the Civil Court of the zillah upon a charge of corruption against the arbitrators or the umpire, as the case may be, brought by either party, and proved after due investigation, to the satisfaction of such Court; in which case the matter shall be referred for the determination of a second set of arbitrators, to be chosen in the same manner as the first, and their decision, whatever it may be, shall be final. No petition to set aside an award made under this Act shall be received by the Civil Court of the zillah, unless it be presented within thirty days from the date of the award complained of; and the said petition shall be presented on stamp paper of the value used for miscellaneous petitions, and shall be accompanied with a copy of the award objected to. The award of the arbitrators or umpire shall also be binding as respects the shares to be paid to the several parties interested in the land, unless upon a suit instituted within thirty days from the date of the award, in a competent Court, by any of the parties concerned, to alter the apportionment made by such award, an injunction shall be issued to suspend the payment until a decree is passed in the case.

XV. If any question arises as to the previous possession of or title to any land taken by Government under this Act, or if the parties or any of them interested in the land are minors, lunatics, or absent as aforesaid, and are not represented by their guardian, committee, attorney, or other person authorized in that behalf, or if there exist other grounds which, in the judgment of the arbitrators, render it improper to make immediate payment of the compensation awarded by them, or of any part thereof, to any of the parties interested in such land, the said arbitrators shall certify the same to the said Collector or Officer, under whose directions they may act, and in such case, or if for any such reason, or any such ground as aforesaid the said Collector or other Officer shall deem immediate payment improper, then the amount of compensation payable shall be held in deposit by Government, until the parties interested in the said land or some of them shall obtain an order of a competent Court for the payment of the same and interest (if any) to them. All sums held

in deposit as aforesaid exceeding in amount the sum of five hundred Rupees, shall be invested in Government Securities.

XVI. On the close of the inquiry, the arbitrators or umpire shall deliver to the Collector or other Officer appointed as aforesaid, a full and complete report and award upon the questions submitted to their arbitration, under their respective signatures, specifying the amount of compensation to be granted, and, (except where under Section XV. it may appear proper to suspend payment,) the parties to whom it is to be made, and the proportions to be paid to each respectively, with a solemn declaration subscribed thereto, that the award so given, is, to the best of their judgment, true and impartial, and according to the evidence adduced before them, and they shall at the same time deposit with the said Collector or Officer the whole of their proceedings.

XVII. All suits and proceedings instituted against Government to obtain compensation for land taken as aforesaid, other than such petitions to set aside awards as aforesaid, shall be dismissed with costs, but nothing herein contained shall affect the rights of any party to recover the value of any land taken by Government from any person who may have received the same without having any title thereto.

XVIII. In the case of land declared by a Minute of the Governor in Council to be needed for a public purpose being acquired by the Government by bargain with and purchase from the parties apparently interested therein, the Collector or Officer appointed by Government to receive possession of the same, shall cause proclamation to be made in the manner prescribed in the fourth Section of this Act, of the transfer of the land to Government, by the said parties, and requiring all other persons who may claim any right, title or interest in such land, to prefer their claims within one calendar month after such proclamation made; and any claims that may be preferred shall be dealt with under Section V. or under Section VI. and the following Sections of this Act. Provided always, that if no claim shall be made within one calendar month after such proclamation as aforesaid, the said land shall vest absolutely in the Government, free and clear of all other estates, rights, titles, remainders, reversions, limitations, trusts, interests, mortgages, liens or incumbrances whatsoever of and in the said land so purchased; and any suit to recover the land so purchased by Government, or to obtain from Government compensation for the loss thereof, which may be preferred in any Court of Judicature, shall be dismissed with costs. But nothing herein contained shall affect the liability of the party who may receive the value of any land purchased by Government without having a good title to the same.

XIX. In cases referred to arbitration, under the provisions of this Act, any necessary expense which may attend the inquiry of the arbitration, whether for the diet of witnesses or otherwise, shall be paid by Government.

XX. The provisions of Act XLII. of 1850, shall be applicable and in force within the Madras Presidency; and the said Act shall be construed as if instead of the words and figures "Regulation I. of 1824 of the Bengal Code" or "the said Regulation" therein mentioned, the number and title of this Act had been therein inserted.

XXI. The following words and expressions in this Act shall have the several meanings hereby

An Act to amend the Mode of Procedure in Criminal Cases in the Courts of the East India Company.

the 6th April, 1852.

NOTICE is hereby given, that the system of granting Temporary Passes for the protection of Sea-imported Salt, upon the deposit of duty, will be re-introduced from the 22nd, (Twenty-second,) instant.

2. The Passes will be obtainable, as they were before, at this office; but to be of any validity, they must be countersigned by the Superintendent of the Calcutta Salt Chokeys. The Passes will be current for (48) Forty-eight hours, from the time at which delivery may be completed, as shown by the Certificate of the Preventive Officer, on the back of the document.

3. Preventive Officers will be instructed not to give delivery on any Pass, unless it be countersigned by the Superintendent of Calcutta Salt Chokeys, and to be careful in endorsing the Pass, to enter the full quantity delivered, and the precise time, (hour and minute,) at which the delivery is completed.

4. It is further notified, for general information, that Commanders of Salt-laden Vessels must invariably enter in the Import Manifest, the quantity of Salt actually shipped, as shown in the Cockets, Export Manifest, Port Clearance, or other document, of the Port of Export. If no such document exist, then the quantity shown by the Bill-of-Lading, that is, the quantity which at the time of shipment the Commander believed to be put on board, must be entered in the Import Manifest. In the event of no Bill-of-Lading, the Commander must specially state how the Salt was put on board; if in baskets, the number shipped, and the mode in which he has estimated the entered weight.

5. The Board have fixed rates of wastage, sufficient to cover deficiencies arising from ordinary causes. Should greater wastage be apprehended from any extraordinary cause, it must be noted at the foot of the Manifest, at the time of entry. Commanders will not be held responsible for a larger quantity of Salt than they have reason to believe they have brought into Port; but they must state the grounds of their belief, fully and accurately, and support them by such documentary evidence, as may be available.

2. The Passes will be obtainable, as they were before, at this office; but to be of any validity,

they must be countersigned by the Superintendent of the Calcutta Salt Chokeys. The Passes will be current for (48) Forty-eight hours, from the time at which delivery may be completed, as shown by the Certificate of the Preventive Officer, on the back of the document.

3. Preventive Officers will be instructed not to give delivery on any Pass, unless it be countersigned by the Superintendent of Calcutta Salt Chokeys, and to be careful in endorsing the Pass, to enter the full quantity delivered, and the precise time, (hour and minute,) at which the delivery is completed.

4. It is further notified, for general information, that Commanders of Salt-laden Vessels must invariably enter in the Import Manifest, the quantity of Salt actually shipped, as shown in the Cockets, Export Manifest, Port Clearance, or other document, of the Port of Export. If no such document exist, then the quantity shown by the Bill-of-Lading, that is, the quantity which at the time of shipment the Commander believed to be put on board, must be entered in the Import Manifest. In the event of no Bill-of-Lading, the Commander must specially state how the Salt was put on board; if in baskets, the number shipped, and the mode in which he has estimated the entered weight.

5. The Board have fixed rates of wastage, sufficient to cover deficiencies arising from ordinary causes. Should greater wastage be apprehended from any extraordinary cause, it must be noted at the foot of the Manifest, at the time of entry. Commanders will not be held responsible for a larger quantity of Salt than they have reason to believe they have brought into Port; but they must state the grounds of their belief, fully and accurately, and support them by such documentary evidence, as may be available.

*Fort William, Home Department, Legislative,
the 16th April, 1852.*

The following Act, passed by the Governor General of India in Council, on the 16th April 1852, is hereby promulgated for general information:

ACT No. XXI. OF 1852.

An Act to authorize the employment of Uncovenanted Deputy Collectors in the Presidency of Bombay.

I. The Governor of Bombay in Council may appoint in any Zillah or District within the said Presidency, one or more Uncovenanted Deputy Collectors, with the powers hereinafter mentioned.

II. Every person appointed a Deputy Collector under this Act shall, before entering upon the duties of his office, make and subscribe a solemn declaration to the same effect as the oath prescribed in Appendix A. annexed to Regulation XVI. of 1827 of the Bombay Code, the words "the East India Company" being inserted in such declaration, instead of the words "the United Company of Merchants of England trading to the East Indies," and the words "United Company" in the said oath contained, and such declaration shall be made and subscribed either before Her Majesty's Supreme Court of Judicature for Bombay, the Court of Sudder Dewanny Adawlut of Bombay, any Judge on circuit in the Zillah, in which such Deputy Collector may be appointed, the Judge, Collector or Magistrate of that Zillah, or such other person as may be deputed or authorized by any order of the said Governor in Council to take or receive such declaration.

III. Deputy Collectors appointed under this Act shall discharge such of the duties and exercise such of the powers of the Covenanted Assistants in the Revenue Department, as shall be prescribed from time to time in each case by the Governor of Bombay in Council, and shall be subject to the same control and authority in all respects as such assistants respectively.
